### **DETAILED ACTION**

Applicants' preliminary amendment filed February 25, 2003 is acknowledged and has been entered. Claims 1, 5, 6, 8, 9, 13, 15, 18-20, 22, 25, 26, 29, 33, 34 and 36 have been amended. New claims 41-52 have been added. Claims 1-52 are now pending in the present application.

#### ***Election/Restrictions***

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 1-28, 34-39 and 44-51, drawn to method of analyzing protein content.

Group II, claims 29-33 and 52, drawn to a device.

Group III, claims 40-52, drawn to method of screening.

Group IV, claim 43, drawn to 1000x lysis buffer stock.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The technical feature of the first claimed product, Group II, the device is not special in view of the disclosure of this device in Simone et al, Trends in Genetics, 1998, see figure 1; as such there is not special technical feature and therefore the Groups of inventions, I-IV, lack a corresponding special technical feature.

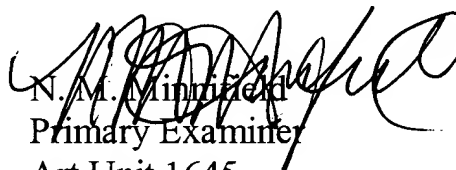

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
